Park Permits and Reservations

Plants of Concern
- Poison Ivy is prevalent on Minnesota Point.
- Wash boots and shoes after hiking to prevent the spread of invasive plant seed.
- Don't move firewood. Only burn locally-sourced or DNR-approved firewood.

Pets
- Keep all pets on leash (except in designated dog parks).
- Clean up after pets to keep our waterways clean.
- Dogs are not allowed on groomed cross-country ski trails.

Trail Etiquette
- Avoid trail use when trails are wet, especially after rainfall events. Trails are closed in early spring and late fall to avoid damage during wet conditions. For current conditions go to www.duluthmn.gov/parks/trails-bikeways.
- Keep right and pass on left.
- Yield to pedestrians.
- Hikers going uphill have the right of way.

Volunteer with Duluth Parks and Recreation
- Learn more about supporting Duluth Parks by visiting www.duluthmn.gov/parks/volunteer or by calling 218-730-4334.

Watercraft Regulations
- All watercraft, longer than 10' must be licensed (unless registered in another state).
- Stop aquatic hitchhikers and comply with regulations that require boaters to inspect and wash their craft to prevent the spread of invasive species to other waterways.
