Maintenance of the Lakewalk Trail Scheduled for June 5

[Duluth, MN] - The City of Duluth Maintenance Operations crews will be out making some minor repairs to the Lakewalk trail starting on Thursday, June 5, 2014. Cracks have developed along various sections of the Lakewalk and are in need of attention. City crews will start on the trail in Canal Park and move east while another team will be sealing cracks in Lakeside moving westward.

This work should not disrupt regular use of the Lakewalk but the public is requested to use caution when approaching and passing work crews.
