## **Residents in Upper Lakeside Neighborhood Asked to Conserve Water Due to Water Main Break**

[Duluth, MN] - The City of Duluth Public Works and Utilities department have identified and are working to repair a 12 inch water main break in the Lakeside neighborhood. Residents in the area of 40th Ave East and Superior Street up to Crosley are requested to conserve water and refrain from using appliances that require significant amounts of water, such as washing machines or dishwashers. Repairs should take about 8 hours.

The City thanks the public for their cooperation.
