SUBJECT: Enbridge Grant Award
BY: Charles Smith , Deputy Chief

The Duluth Fire Department has been awarded two \$1000 grants from Enbridge Energy in 2012 and 2013. The grants will be used for the purchase of needed rescue equipment and were awarded from Enbridge's Safe Community Program.

Enbridge's Safe Community program awards grants to local first-response emergency services, including fire fighters and rescue services, Emergency Medical Services, ambulance, and police in rural communities across North America. Enbridge's Safe Community program has existed in the U.S. since 2002 and in Canada since 2009. The grants are intended to be used to purchase safety equipment, obtain professional training, or deliver educational programs to help save lives and keep Enbridge's right-of-way communities safe.

The Duluth Fire Department would like to thank Enbridge for their continued support of the Duluth Fire Department and other public safety agencies.
