SUBJECT: Public Invited to Watch Timber Framers Guild "Hand" Build Enger Gazebo

BY: Amy Norris, Public Information Coordinator

Public Invited to Watch Timber Framers Guild Hand Build Enger Gazebo

The Enger Park Gazebo is currently under construction and the Timber Framers Guild is on site right now, working their trade. They started this past Saturday and will work through this coming Saturday only. So only a few days left to see this! These folks donated their labor to form the heavy timbers and erect them in place. If you've never seen this art form, it's well worth the effort to stop in and visit with these folks. They do most of this work by hand with old, original tools, some as old as 100 years! They donated their services to help promote their trade. The City of Duluth would like to encourage everyone to stop up at Enger Park and spend a little time watching the Timber Framers Guild work their craft!

Media with questions can contact Timber Framers Guild Project Lead, Clark Bremer on site, (612) 791-2736.
