### **IV. Open issues**

- a) Police Liaison report: Review and discussion about a call when an officer was accused of using excessive force. Upon body camera footage that was unfounded. This individual was taken to the hospital. The officers were coached and in the end the individual was satisfied with their treatment.
- b) Discussed what would be considered an employee performance issue regarding the Zenith article. Discussion followed. The author of the article did say that some of the information used did not come directly from the officer. The author was not willing to change or correct the article. - c) Members had expressed their frustration with the community not believing that the CRB and the DPD are working together. It may be time to relook at the relationship and the language in the ordinance to strengthen the relationship. Discussion followed about ways to work together. Suggestions was made to take the CRB meetings out in the community rather than just have all of the meetings at City Hall and something more social with the DPD so we can get to know each other better.
