Duluth Citizen Review Board to Host Committee Meeting October 17

[Duluth, MN] – The Duluth Citizen Review Board (CRB) held three public open houses this past week to gather community input on the potential purchase of personal protective equipment and review a sample policy. Several hundred residents participated and shared their written comments in person over three productive evenings and more submitted feedback online. As a follow up, the CRB is planning to hold a Committee Meeting on Wednesday October 17, 2018 from 3-5 pm in Duluth City Hall, Council Chambers where they will review the complete packet of comments. The CRB will provide the full packet of submitted comments on its webpage following the CRB committee meeting at, <http://duluthmn.gov/boards-commissions/duluth-citizen-review-board/>

The CRB appreciates the public's participation at the open houses and the care, insight and passion that has been shared.
