Citywide Cross Country Ski Trail Master Plan Available for Public Review and Comment

[Duluth, MN] - The City of Duluth Parks and Recreation has undertaken a public engagement process for at least two years in collaboration with Gary Larson (consultant) to plan for improvements and additions to the City's cross country ski trails. A plan was drafted utilizing public input. The plan addresses maintenance of trails, snow making, and wayfinding signs for example. The City encourages the public to review the final draft plan and provide comments using the following web link, <http://www.duluthmn.gov/6272.aspx>

The Parks and Recreation Commission will review and discuss the final draft of the Cross Country Ski Trails Master Plan at their upcoming meeting on August 13, 2014 at 5:00 p.m. in the Central Hillside Community Center, 12 East 4th Street.

The City thanks the public for their continued commitment and dedication to improving Duluth parks, trails, and amenities.
