STATEMENT OF PURPOSE: This resolution authorizes the 2009 purchase of ten ICOP Model 20/20 Vision digital video recorders (DVRs), 20 wireless upload kits and three wireless access point devices for a total amount of \$52,650, payable from the capital equipment fund. This purchase is tax exempt because the equipment will be used in police emergency vehicles.

The city's original bid process for in-car digital video surveillance equipment was completed in November 2007. Soon afterward, the city contracted with ICOP Digital, Inc., to purchase the entire infrastructure needed to run a fleet surveillance system. The system purchased is not capable of using similar equipment outside of what is provided by ICOP. It is imperative that the police department remains consistent with its base station. DSC Communications is an authorized ICOP dealer and installer.

DSC Communications is located in Superior, Wisconsin.
