STATEMENT OF PURPOSE: This one way street was established by a resolution passed on February 14, 1972. Resolution 05-0805 established First Street as two way traffic between 19th Avenue West and 30th Avenue West. Resolution 05-0805 was then amended by Resolution 08-0612 to shorten the conversion and make First Street two way from 19th Avenue West to 21st Avenue West. This conversion was completed on June 23, 2009.

After this conversion, all abutting property owners on First Street between 21st Avenue West and 22nd Avenue West requested that the portion of First Street between 21st Avenue West and 22nd Avenue West be converted to two way traffic. No additional informational meetings were held as all owners adjacent to the area requested the change. There is no designated pair of one way streets in this area. The engineering division recommends the change. Parking in this block will not be affected.
