STATEMENT OF PURPOSE: This resolution authorizes the purchase of software licenses from New World Systems Corporation for its Logos.Net Business Analytics modules for a total amount of \$46,170, payable from various funds.

Logos.Net Business Analytics module is a new means for ad hoc reporting, trend analysis, forecasting, and much more. It allows users to easily view information from multiple perspectives throughout the entire organization, helping day-to-day operations run more smoothly. The software is compatible with the city's existing system and New World Systems applications.

The city of Duluth has had a contract with New World Systems Corporation since 2004. New World Systems Corporation is located in Troy, Michigan.
