Attorney

Auditor

STATEMENT OF PURPOSE: This resolution will authorize an amendment to Resolution 08-0339, passed on May 27, 2008, for professional engineering services. This amendment will compensate LHB, Inc., for additional work, requested by the city, associated with the project. Additional state turnback funds became available after this contract was awarded. This resulted in a significant increase in the quality of the finished project. The improved product required additional design, inspection, staking and testing. This project is located on Second Street between Mesaba Avenue and 24th Avenue East, S.A.P. 118-130-004 MTB, City Project No. 0383TR. The increase, in the amount of \$278,903.50, is payable from Permanent Improvement Fund 0411, Department/Agency 035, Object 5530. Funding for engineering is reimbursable from the municipal turnback account and the city of Duluth MSAS account and participating utilities.
