Auditor

DPD/ATTY REA:cjk 9/4/2009

STATEMENT OF PURPOSE: This resolution authorizes the an agreement with St. Louis County pursuant to which city personnel would enforce parking regulations on various county-owned parking facilities and would process and collect parking violation revenues regarding those facilities.

The county owns and operates parking facilities in the Western Downtown area including the county ramp on Third Street west of Fourth Avenue West, the ramp adjacent to the Government Service Center and surface parking between Second and Third streets and Third and Fourth avenues West. Historically the county has issued citations to enforce parking regulations on these facilities and they have been processed through the county court as the city's citations were. However, the court is requiring the county to find another way of processing these citations, again like the city.
