STATEMENT OF PURPOSE: In 2006, the city applied to the Minnesota department of employment and economic development (DEED) for a MIF grant in order to provide Northstar funds to purchase new facility expansion equipment. The city received a grant in the amount of \$500,000 from DEED and made a MIF loan of the same amount to Northstar. Northstar will fully repay the loan and is current on its payments. The subsidy is in the form of one percent interest. In exchange, Northstar agreed to create 50 new full-time equivalents by February 23, 2009.

In January 2009, the city and Northstar entered into an amendment to the MIF loan agreement and a promissory note modification agreement pursuant to which the time within which the jobs were to be created was increased by one year, until February 23, 2010. Additionally, Northstar was allowed to make interest only payments from January 1, 2009, through June 30, 2009. In June 2009, the city and DEED approved a second six-month extension of interest-only payments with a second amendment to the MIF loan agreement and a second promissory note modification agreement.

Northstar is requesting that the time within which interest only payments are to be made be extended an additional six-month period, until June 30, 2010. The third amendment to the MIF loan agreement and the third promissory note modification agreement provide for this. Northstar's reason for this request is set forth in the letter attached to the hard copy of this resolution.
