STATEMENT OF PURPOSE: This resolution authorizes the city to enter into an agreement with the Junior League of Duluth, Inc., for the reconstruction of Playfront Park.

Many years ago, the structures involved in Playfront Park were purchased by the League and installed on the property west of Fifth Avenue West between the aquarium and Railroad Street as a public service project. Over the years Playfront has proven to be a highly successful and well-used facility but by virtue of its popularity and the weather the facilities have become dilapidated and are in need of replacement.

The league has raised the money to purchase and have installed new facilities. This agreement calls for the city to remove and dispose of the existing facilities and perform site preparation such that the new facilities can be installed on the existing site. The league will then cause the new facilities to be installed at no cost to the city.

The project is expected to be completed by the end of the year.
