STATEMENT OF PURPOSE: The council previously approved the permanent closure of the northbound lane of Lakeview Drive at Snively Road (Resolution 09-0004), however construction occurring on Woodland Avenue between St. Marie Street and Arrowhead Road as made travel difficult in the area and the council desires to provide more travel routes for citizens in the area. This resolution amends Resolution 09-0004 allowing for the temporary re-opening of the northbound lane of Lakeview Drive until the construction on Woodland Avenue is completed.
