STATEMENT OF PURPOSE: Adding angle parking in the area described above will add six additional on street parking spaces. This has been reviewed and recommended by the city parking commission and the engineering division. These spaces will be metered and will have the same time limits and rates as the existing metered zone, which have a one-hour limit and a rate of \$0.75 per hour. This change has been requested by the owners of the Hacienda del Sol Restaurant and the Amendola Building. The Greater Downtown Council is also in favor of this change.
