STATEMENT OF PURPOSE: This resolution authorizes an agreement between the city and the Greater Downtown Council (GDC). The GDC will provide organization, promotion and staffing for the movies in the park program at Leif Erikson Park. The previous organizer/operator is unable to continue and the GDC desires to continue this program due to its popularity. The GDC will establish a schedule of movies and dates, will provide necessary promotion and assign GDC staff and volunteers to provide projection services and security for each event. The GDC will also provide 4 portable toilet units for each movie date at GDC expense.

The GDC will arrange for vendors and concessionaires for each movie event with the fees collected from each vendor to be retained by the GDC and used to defray the costs for the program.
