STATEMENT OF PURPOSE: This resolution recognizes the exceptional volunteer efforts of Dan Proctor for his work on the Chester Bowl and Lester Park trails. Work that has included long weekends of clearing brush, digging and providing general trail maintenance. Dan is a former parks and recreation department employee but after his position was cut in the 1980's he continued to do maintenance work on the trails unpaid. Dan has "adopted" Chester Bowl and continues to this day to keep its trails in good condition in addition to working on Lester Park's trails. The city council hereby wishes to name the main Chester Bowl trail in Dan's honor in gratitude for his years of service to the city.
