STATEMENT OF PURPOSE: This resolution will authorize an increase to the agreement with St. Louis County and the city of Hermantown for installation of a new signal system at the intersection of Haines Road and Anderson Road in the amount of \$2,832.14, for a new total of \$12,832.14. St. Louis County installed the signal system and has submitted the final bill for payment. Costs were slightly higher than projected prior to bidding and construction. The county has secured federal funding for this work at 80 percent of the construction costs. The remaining 20 percent is to be split at 50 percent to the county, 25 percent to the city of Duluth and 25 percent to the city of Hermantown, based upon ownership of the roads entering this intersection. The city of Duluth's portion of the signal costs will be paid from the municipal state aid account.
