Re: 2011 Fees Resolution

Resolution 10-0579R as presented to the Council represents the administration's proposal for 2011 fees and charges for city activities. There are 528 separate fees listed in the resolution: 342 proposed to remain at the same level as 2010; 175 with proposed increases; 9 fees that are new; and 2 fees that have been decreased.

The City Council approved an ordinance in 2006, 06-059-O, which tied many of the fee increases to the implicit price deflator, or IPD, for government purchases. The IPD is a ratio of current dollar gross domestic product (GDP) to constant dollar GDP, and is used to account for the effects of inflation. Annually, the State of Minnesota sends the rate to cities. For this year, the rate is 1.6784 percent. Of the 175 fees with proposed increases, 149 are based on the IPD rate. The remaining 26 fees fit the exceptions allowable under the ordinance or have not been increased for several years and are catching up to the cost of providing services.

The nine new fees as proposed are as follows. In the area of Human Rights, a new permit is available for special needs parking at the meters. In the Clerk's area there are two new fees related to the tree ordinance – one for tree service contractors; and the other for vehicle permits for tree service contractors. The Parks and Recreation division is proposing three new fees - a fee for the replacement of a permit will be charged when the initial permit process has been completed and the customer requests a change; and two new fees related to weddings in the parks. The first is a separate permit for Leif Erickson and Enger Parks for weddings; and the other is a new permit for wedding reception picnics for all parks except the Rose Garden. The remaining three new fees are the proposed commercial rates for Street Lighting.

Finally, the two fees that were reduced are the Pawnbroker Transaction surcharge from \$2.00 to \$1.60; and the residential Street Lighting fee from \$3.50 to \$3.40.

Attached to the resolution is a report entitled, "License, Permit and Fee Charges History/Proposed for 2011." This report provides the history of each fee since 2007, the date of the last approved change, and the proposed fee for 2011.
