ENG GS:jh 11/17/2011

STATEMENT OF PURPOSE: This resolution will authorize an amendment to contract 21217 with Salo Engineering, Inc. for the reconstruction of 36th Avenue East from Superior Street to Fourth Street. This increase of \$14,136.58 is attributable to unknown underground conditions found during construction. This caused design changes and extra inspection time. Some of the unplanned conditions included additional phone conduits to work around, existing water main valves leaking, and ledge rock obstructing utilities. Extra surface work included additional retaining walls behind the sidewalk. The cost increase will be payable from Street Improvement Fund 440, Department 038 (Special Assessment), Object 5530 (Improvements Other than Buildings), city project no. 0356TR.
