STATEMENT OF PURPOSE: This resolution approves a one-year contract extension and estimated \$25,000 increase for the city's Agreement 20599 with Ayres Associates, Inc., for professional services in survey and field data collection services, payable from various project funds.

The engineering division initiated this process in 2008 by seeking proposals from five professional testing companies. The city council approved Resolution 08-0028 on January 28, 2008, resulting in Agreement 20599 for \$15,000 annually for fiscal years 2008, 2009, and 2010. City officials extended the contract (under \$25,000) in July of 2011.

From the beginning, it was anticipated that this agreement would be a blanket purchase agreement, with projects ordered and billed on an hourly basis. Entering into this agreement, or renewing thereafter has never guaranteed a minimum order.
