STATEMENT OF PURPOSE: Glenwood Street from Livingston Avenue to Jean Duluth Road is being reconstructed in 2012/2013. Currently it is 36 feet wide and will be 28 feet wide between Livingston Avenue and Woodbury Lane after construction, which is not wide enough for parking on a State Aid route. This no parking restriction was included in Resolution 11-0441 when the council approved the project typical section on August 29, 2011. However, State Aid requirements necessitate a specific no parking resolution for the project. Glenwood Street will be 34 feet wide between Woodbury Lane and Jean Duluth Road after construction, which will allow parking on the north side only.
