STATEMENT OF PURPOSE: This resolution requests that the names and contact information for members of the Duluth public utilities commission be placed on the city's website and also be included in utility bill mailings at least twice annually. As the commission has the ability to raise rates and create new fees outside of the council process, the public should be aware of who serves on the commission and have the ability to contact those members and ask questions regarding city utilities. Citizens may incorrectly assume that rate setting actions were made by the council instead of the commission.
