STATEMENT OF PURPOSE: This resolution authorizes an annual contract with Ulland Brothers, Inc., for the purchase of an estimated 7,000 tons of fine hot mix for \$343,613.81, payable from the general fund.

These materials will be picked up by Duluth city personnel as needed during the contract year for general street patching and utility repairs and street improvement projects.

The purchasing agent determined not to be bound by this year's Saint Louis County bid because the County bituminous specification did not meet the city of Duluth bituminous specification requirements. The city purchasing division mailed a request for bids to several local firms and posted a request for bids on the city's website and received three bids by the closing date of May 23, 2012.
