

PURCHASING & LICENSING COMMITTEE

12-0538R

RESOLUTION AUTHORIZING THE PURCHASE OF MICROSOFT SOFTWARE LICENSES THROUGH SHI INTERNATIONAL CORPORATION FOR YEAR 2012 IN THE AMOUNT OF \$124,427.08.

CITY PROPOSAL:

WHEREAS, the Duluth city council authorized a six-year agreement with Microsoft Licensing GP and SHI International Corporation for the use of specified Microsoft software products with approval of Resolution 11-0450R on August 29, 2011. At that time, the council approved the full amount of the six annual payments.

RESOLVED, that the proper city officials are hereby authorized to execute the required license additions for the current enterprise agreement with Microsoft via the reseller SHI International Corporation. These licenses will serve core city systems and accommodate migrations for a total of \$116,423.00 plus \$8,004.08 sales tax for a combined total of \$124,427.08, payable from Capital Equipment 250, Dept./Agency 015 (Administrative Services), Div. 2010 (Fiscal Year-2010), Object 5580 (Capital Equipment), Project No. CE250-E1004.

Approved:

Dennis Sears 

Approved for presentation to council:

  
\_\_\_\_\_  
Chief Administrative Officer

Approved as to form:

  
\_\_\_\_\_  
Attorney

Approved:

  
\_\_\_\_\_  
Auditor

STATEMENT OF PURPOSE: The purpose of this resolution is to purchase required license additions in the amount of \$124,427.08 from capital fund 250-015-2010-5580-CE250-E1004. The city is in the second year of a six-year agreement which has allowed for the city's network operating system, email, and office suite systems to migrate from Novell to Microsoft.

Included in this agreement are necessary server licenses which provide the critical components for core systems used by the city which include accounting and finance applications, city websites, and email.

These additional licenses will provide for migrating to a new standard time and attendance system. The standard framework allowed in this agreement is critical to ensure effective and efficient communications among all city departments. These licenses provide a seamless integration with other enterprise-level applications in use by multiple city departments.

Requisition No. 12-0607
