Attachment to application for a position on the Duluth Economic Development Authority (DEDA)

"Experience or education relating to choice 1":

With varied experiences across a broad spectrum of industries in both for-profit and not-for-profit arenas, my skillset would serve DEDA well towards making decisions impacting employment, revenues, and population growth. A Duluth native, I have grown up, been educated, and have chosen to build my career in Duluth. While I am familiar with the city's geography, business community, citizens, and culture, I recognize there are many areas of opportunity in this region, many of which are yet to be seen.

After graduating from the Labovitz School of Business, majoring in finance, I entered the banking field where I remain today. As a banker, I have experience collaborating with a variety of businesses, each with diverse focuses and needs, but all focusing on economic prosperity. While my community background is significant and necessary, I believe my business acumen assessing risk and making decisions regarding project feasibility based on financial statement analysis, economic environmental factors, and collateral valuation would prove very beneficial in a role as a DEDA Commissioner.

One of DEDA's core values, that of recognizing "the unique contributions of public and private partners" runs parallel with responsibilities surrounding my role as Center City Housing Corporation's board president. Here, there is constant collaboration across a broad spectrum of community groups, corporate entities, municipalities, and funding sources. In my third year as president, CCHC has expanded its revenue generating business and now owns over 440 housing units, primarily in Duluth, but also in St. Cloud and Rochester.

Living, recreating, working, owning and managing businesses, and raising my family in Duluth make me a dedicated and passionate stakeholder in our community. I hope you will consider me for a position as a DEDA Commissioner.

Respectfully,
Tim McShane
