STATEMENT OF PURPOSE: In October 2012, with the assistance of consulting firms Barr Engineering and Limmotech, the city of Duluth submitted applications to the Natural Resources Conservation Service (NRCS) for funding to stabilize streambanks and remove debris and sediment to protect city property and nearby infrastructure. The result of these applications was a total award of \$761,920. This resolution authorizes acceptance of that funding and execution of all necessary agreements required. Funds shall be payable to and from Disaster Recovery Fund 225, Department 125 (Finance), Division 1807 (Parks, Recreation and Other), Object 5303 (Engineering Services), city project no. 1186.
