1	Improvements to the current baseball field and a better partnership with West Duluth Little League as they are making good strides.	3/27/2015 2:04 PM
2	Flower beds/ landscaping around the building and entrance way	3/23/2015 3:35 PM
3	Where is the horseshoe court? Once the hockey arena burned horseshoes moved to merritt. Have I missed something?	3/15/2015 8:10 AM
4	I've only really played tennis there so I can't speak to the other amenities it offers. I'll leave that to others to judge.	3/11/2015 5:08 PM
5	ISD 709 will be adding 6-8 tennis courts by Laura MacArthur school, The school district promised that as part of the building plan that they would work with the city on park amenities. Hold them accountable to that promise. The school would have been happily using the refurbished tennis courts at Wheeler. Now that they will be building courts some of them should be available for the public. Certain courts and court time can be reserved for students. There is no reason to have courts at both Laura Mac and Wheeler.	3/10/2015 8:31 PM
6	Western Little League Bantam level will play at Wheeler and we'll have a better sense then.	3/8/2015 8:22 PM
7	Duluth needs another baseball park.	3/8/2015 12:12 PM
8	I believe the Wheeler 5 field needs to be improved to use as an actual baseball field. It needs to be re-edged to HS field specifications, and grass should be added to the infield. The field options on the west side of town are very limited and using Wade Stadium isn't always an option. I believe these things would be a good start.	3/8/2015 11:38 AM

15	Better baseball field complex with a grass infield. It is the only baseball field used for leagues on the western side of the city. A long with Denfeld jv games. High school games regardless of they are jv, shouldn't have to play games in a all dirt basically softball field. Any other school district with fewer kids even has a grass infield. Example two harbors, proctor, and eskp. Why are our kids shouldn't have a quality baseball field they can call home is beyond me.	3/8/2015 11:46 AM
16	Portions of the Fieldhouse are unheated. Doors have been locked when we've had meetings scheduled. Overall its kind of dingy in there.	3/8/2015 11:10 AM

2	It's such an amazing amenity, I think it should be a top priority for the west side to improve upon. Many people don't even know it's there or how much it offers. It's a huge asset and should be better maintained.	3/11/2015 5:08 PM

5	I would love to see more work done at the little league fields behind wade. All around from baseball fields, concessions, lighting, parking...grass infield, batters cage with pitching machine.	3/8/2015 5:41 PM
6	Leave it alone. There are better uses of our tax money. Hire more police!	3/8/2015 2:50 PM
7	Skate park should be added on to. Huge lot right next to it that could be used, it could help get rid of all the kids that try to skate on private street spots and help get them off the streets. The skate park that is there now is extremely small, and when a lot of people are there it is hard to use.	3/8/2015 1:02 PM

5	Softball dug outs should be re-built underground. Viewing is horrible! Higher fence near parking lot to prevent foul balls from hitting parked cars.	3/8/2015 1:39 PM
6	The Little League fields are hidden behind Wade Stadium and very hard to find for first time users. Signage is needed badly on Grand and Jenswold/Frontage Rds. Concession Stand needs running water to pass health standards. Batting cages are needed to bring Western in line with every other league in Duluth area. Lighting is needed for areas outside of Wade Stadium. Overflow parking lot behind right field wall needs to be fixed.	3/8/2015 11:17 AM
7	Fencing on outfield needs to be fixed so little league players and spectators aren't injured from baseballs going over Wade Stadium	3/3/2015 5:42 PM

1	Baseball and softball are very short seasons the need to invest the cost of major improvements would be a stretch	3/11/2015 8:54 PM
2	Again, it's a great amenity we need to maintain better.	3/11/2015 5:10 PM

7	We serve over 200 baseball players in the Wade complex and it is pretty archaic. I would like to see bathrooms with running water for players, coaches and fans. I would love to see a walking path that connects wade, wheeler, and heritage....it would be a nice addition	3/8/2015 2:16 PM
8	due go the absence of lighting the parking lot and fields feel unsafe. lacking signage makes it difficult for anyone to find the fields including emergency personnel. the concession stand has no running water and permanent bathrooms are needed	3/8/2015 12:18 PM

1	Parking already exists at each facility. I don't understand why it is needed for the connectivity issue.	3/10/2015 8:48 PM
2	The maze of streets between Heritage, Wade and Wheeler create a disconnect. The corner at the viaduct is confusing, and the roads leading to the Wade parking lot versus the ball fields behind Wade are also confusing and poorly maintained. There has to be a better design.	3/8/2015 8:31 PM
3	Speed bumps should be added in front of the entrance.	3/8/2015 1:40 PM
4	there are literally no sidewalks leading to this facility, except for the weird paved/fenced trail from Superior St through the oil storage site. Kids walk here all the time from the neighborhood and are dangerously crossing Superior, Michigan and walking along Michigan with no sidewalks.	2/23/2015 11:46 AM

1	I can't wait to see it happen! These are all great facilities that deserve more credit! I would like to see the trail away from the busy road, but still in a straight enough path that people will use it for commuting and going between the sports complexes.	3/11/2015 5:16 PM
2	Continue the trail from Carlton and Superior to 34th Ave W. Continue up 34th to 35th Ave and cross Grand to the main entrance at Wheeler. Why is a trail head needed? The corridor is really to connect the three athletic facilities. Each of the facilities would have the capability to provide signage and other things that is usually positioned at a trail head. A trail head seems unnecessary. If one is determined to be needed, place it on Superior and 34th St. But a trail head shouldn't be added until the next section of trail has an approved route. Add a trail head at that time based on its location. Adding a trailhead before the trail route is approved is premature.	3/10/2015 8:48 PM

6	I would like there to be a bike, rollerblading and walking path connecting the three.	3/8/2015 2:19 PM
7	Carlton Ave is VERY dangerous for pedestrians and cyclists. There is no shoulder, side walk is only on one side of the street and is poorly(not) maintained. There should be a clear connection between these venues with proper traffic controls to protect those on foot/cycle from vehicle traffic.	3/7/2015 9:23 PM
8	Heritage should not be included in this project it is privately owned property, the city should not be helping out certain businesses and not other businesses in this town.	3/5/2015 1:08 PM
9	Make sure parking is taken into consideration. A trail head will attract more people, and parking can be tight at some of these places during events	3/5/2015 10:02 AM
10	take it through green space....keep it off carlton/3rd	3/4/2015 4:21 PM
11	keep the trail with high visibility, good sight lines, lights would be good for night use. Leverage some of the natural green-space in that area to keep the trail partially separate from high traffic routes.	2/23/2015 5:01 PM
12	The trail should go through Wade, to the back and through the creek area, either from the little league fields of down 2nd St and through the overflow parking area off Grand and 36th.	2/23/2015 11:46 AM
13	Please route the cross-city trail through these neighborhoods, but please DO NOT route the trail on busy streets with busy intersections	2/23/2015 7:14 AM
14	This center need not be directly on the Cross City Trail it need only be connected	2/22/2015 4:49 PM
15	Improve intersection at Carlton. make it connect from the current end at carlton to Grand Avenue at a reasonable place to cross Grand - not Carlton in current configuration.	2/22/2015 2:56 PM
16	Don't understand the need for a trail. Fix the roads and make the area presentable to the eye.	2/19/2015 4:07 PM

1	Do not place a trailhead until the next section of trail is fully approved. At the open house a round about was suggested. Roundabouts are not pedestrian friendly since traffic never stops. You have cars accelerating, maintaining speed and decelerating all at the same time but never stopping. Crossing lanes on foot is very difficult. At the meeting the consultant suggested 3 pedestrian crossings in front of Wheeler, that is excessive and one is adequate. He also suggested there could be a wide "speed bump" for pedestrians to cross Grand on. This will be very difficult for all the vehicles traveling the speed limit on Grand Ave, including heavy truck traffic. Hitting that raised area at 30 miles per hour could be hazardous and also difficult for snow plows. There is little pedestrian traffic from Wheeler across Grand and there is no reason to hinder Grand ave vehicular traffic in this way. A simple pedestrian activated light would be adequate. People safely cross Grand at many other intersections all along Grand with no raised walking surface.	3/10/2015 8:48 PM
2	Fix the streets and hire more police.	3/8/2015 2:55 PM
3	overall Wade is in need of many upgrades. The little league fields need lot of upgrades. Including lighting, running water, and parking. Signage to get there is needed	3/8/2015 2:27 PM
4	We really need a positive place in West Duluth that is appealing and inviting. This is exactly what west duluth needs. Thanks for considering this project. Please help our kids!	3/8/2015 2:19 PM

8	it's kind of run-down and awful looking. how can landscaping and trees be added to change the nature of the area?	2/22/2015 2:56 PM
9	How much traffic actually goes from one venue to another? I'm thinking its mostly activity at one place. But maybe there is a need if there is a huge baseball event that covers multiple sights. I'm not involved with larger events.	2/22/2015 2:41 PM
