# Norton Park

---

COMMUNITY INPUT ON PARK IMPROVEMENT PRIORITIES

# Session Agenda

## Welcome and staff introductions

- Presentation
  - St. Louis River Corridor Initiative History
  - 2016 Neighborhood Park Plans – Norton Park
  - Updates on funding and plan changes
- Small group breakouts
- Back together to share highlights from your discussions
- Wrap-up

# Session Outcomes

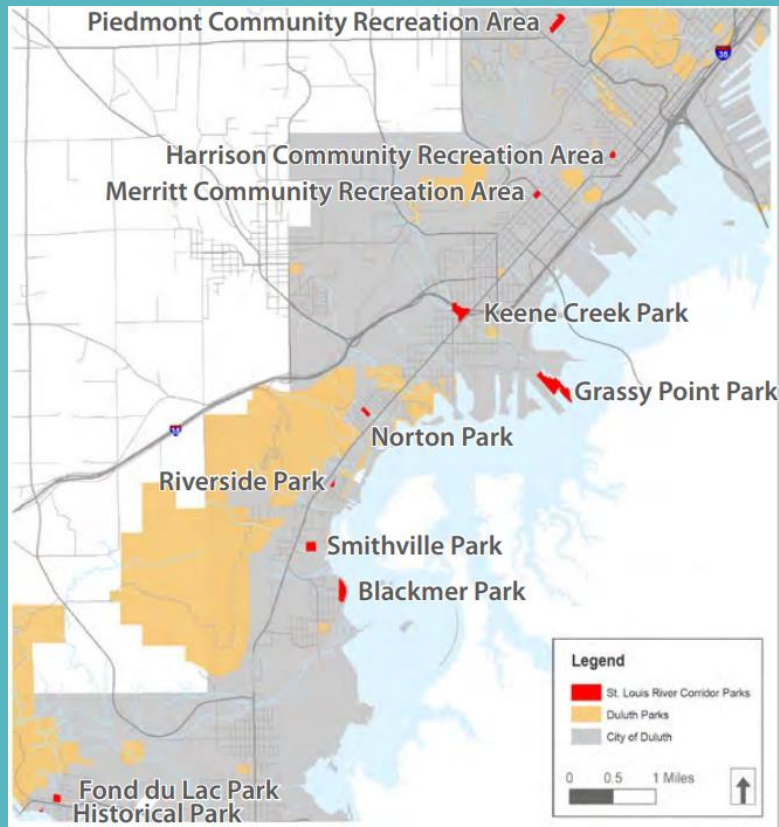

- **Understand community priorities and values**
  - Which park elements are most important?
  - Which existing park elements should we invest in first?
  - Which new park elements should we consider?
  - Which activities/programs would be most meaningful here?
- **Gather input and ideas**
  - Will not make any decisions about park elements tonight
  - Creating consensus on community priorities
- **Identify next steps**
  - Likely that park needs/wants will outweigh funding resources
  - Some City funds available
  - Looking to leverage additional funding

# Background

---

# St. Louis River Corridor Initiative

## Neighborhood Parks

- Initiative authorized in 2014
- Neighborhood parks were one component of the Initiative
- St. Louis River Corridor Parks Mini-Master Plans adopted in June of 2016
  
- Neighborhood parks status
  - Implementation Complete:
    - 2017: Harrison Park
    - 2018: Riverside Park
    - 2021: Keene Creek Park, Merritt Park, Piedmont Park, Grassy Point
  - Planned Implementation:
    - 2024-2026: Blackmer Park, Munger Landing, and Waabizheshikana
    - **2026: Norton Park (scope to be determined)**

# 2016 Norton Park Plan Recommendations

- Signage
- Replace playground
- Improve connections
- Sports facilities
- Stormwater management
- Stream restoration
- Invasive species control

Current Layout

# Funding

- Between 2024-2026, City has approximately \$390,000 allocated to Norton Park
- Funding comes from:
  - St. Louis River Corridor Initiative ½ and ½ tax
  - Parks Capital
- City can pursue additional funds from the MN DNR Outdoor Recreation Grant Program

# Plan Updates

- Given time since plan was adopted, it is time for updates and additional community feedback.
- Planned changes include:
  - Quonset building proposed to be removed in 2024
  - The lower area (old hockey rink location) will remain naturalized due to access challenges and flood plain
  - Old lighting at field will be removed

The lower park area is within the 82<sup>nd</sup> Ave Creek floodway

# Water Resources: 82<sup>nd</sup> Ave Creek & Stormwater Management

- 2016 Park Plan included:
  - Restoring the stream bank
  - Installing stormwater management basins
- Scope of the Norton project will likely still include some level of restoration and stormwater management. To be determined based upon funding availability.

# Park Priorities

# Small Group Discussions

---

Current Layout

# Small Group Discussion

What we do

What we wish

What we love

# Investment Priorities

Existing Elements

Please rank the order  
in which these park  
elements should be  
improved:

Where would you  
spend money 1<sup>st</sup>, 2<sup>nd</sup>,  
and 3<sup>rd</sup>?

Renew the sport court

Replace the playground

Restore baseball field

# Investment Priorities

## Changing Elements

Please rank the order in which these park elements should be added or expanded:

Where would you spend money 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup>?

Minimize changes to park elements

Expand the sport court to full size court, stripe for multi-use (basketball and pickleball), and add fencing

Convert baseball field to open multi-use field

Add a pavilion/covered seating

# Open Green Space

How would you most like to see open green space used and programmed?

Examples:

- Soccer
- Kickball
- Story & play
- Bike skills clinic
- Family celebrations
- Community Picnic
- National Night Out
- Holiday celebrations
- Picnic tables

Write your  
ideas here!

# Group Reflections

---

BIG IDEAS & TOP TAKE-AWAYS FROM YOUR GROUP

# Timeline

April 30, 2024	Community engagement session
Spring – Fall 2024	Prepare park designs
April 1, 2025	Submit Outdoor Recreation grant application to MN DNR
Fall 2025	Notification if awarded grant funds  Finalize park designs based on available funding
Early Spring 2026	Put project out for bid
Summer – Fall 2026	Project implementation

### Norton Park

Project Status: Planning

**Project Overview:**  
Norton Park improvements are based on recommendations made by the City Council approved St. Louis River Corridor Neighborhood Parks Mini Master Plans, passed in June 2016. Norton Park is a three acre neighborhood park in the Norton Park Neighborhood northwest of Grand Avenue.

Norton Park is one of thirteen parks along the St. Louis River Corridor that was identified as part of the larger St. Louis River Corridor Initiative. In 2014, the St. Louis River Corridor Initiative was funded through a 0.5% tax on food and beverage and a 0.5% tax on lodging (Half-and-Half tax). Planning efforts for the Initiative included completing plans for Norton Park and other neighborhood parks within the Corridor. These previous efforts resulted in the St. Louis River Corridor Parks Mini-Master Plans, which were adopted in June of 2016.

**Project Update:**  
We are excited to see improvements at Norton Park come to fruition after many years of patience. It is time to revisit the proposed park improvements to gather your input before final decisions are made for
